

Grades are available on Achieve Parent Portal for students in 1st-5th grade.

- Log into your Achieve account
- Click on Classes on the Left Navigation Window
- Look in the upper left corner...
- If you have more than one child, you will need to choose your child from the drop down list
- Choose the quarter from the drop down list
- You will then see a list of all your child's classes

You will also see several columns:

- Class Name – this will take you to the Class Detail page where you can view the assignments and grades in that class
- Teacher Name – is an automatic link to Email that teacher
- Grade/Percent – is the current average grade for that class
- Detail – If you click the Clipboard – you can view the percentage breakdown for that class

If you click the Class Name you will view the Class Detail screen. This screen shows if an assignment is missing, or was turned in late, or if a teacher has attached a comment to a particular assignment.

If you have any questions about what you are viewing, please click the orange Question Mark to access the Help Menu.

Use the Blue Back Arrow to switch between classes.

You may print any Class Detail page. Please note that you must have Adobe Reader installed on your computer as all documents are printed as a PDF.
